Subject: Big sale

Hi Naomi,

Do you have any plans during spring break? If you're free, let's go to the opening sale of Teenybop on Saturday, March 15th. The shop sells nice T-shirts and jeans. I really want to get some new black jeans. I heard that everything will be half price on Saturday between ten and noon. They will also give the first 50 people a special present. Maybe we can get a free T-shirt! Let's go in the morning and then have lunch together at a restaurant. There are some places to eat near the shop. There's a good Italian pizza place and a delicious Indian curry restaurant. My mom said it's OK for me to ride my bike there. If you want to take the bus, we can do that instead. I can walk to your house, and then we can take the bus together. How do you want to get there? I hope you can come.  
Amy

## The Kiwi Bird

Kiwis are special birds that are from New Zealand. There are five kinds of kiwis. They are about the size of a chicken, but they look really different from other birds. Kiwis cannot fly. They have very small wings, so it is hard to see them. They have no tails,\* and long beaks\* for getting food. Kiwis like to eat bugs that live in the ground. They can smell very well, so they can find food easily. Kiwi eggs are big and heavy. Kiwis look funny, but they can run really fast.

Kiwis are a symbol of New Zealand, but most people have never seen one in nature because they sleep during the day. They only move around at night. Kiwis also have strong legs, so they can run away quickly if they hear any noise.

Before people came to live in New Zealand, there were about 12 million kiwis. But when people arrived, they brought different animals with them, such as cats and dogs. These animals liked to eat kiwis and kiwi eggs. Today, there are only about 50,000 kiwis, and the number is getting smaller. People in New Zealand are trying to save the kiwis. Some are protected in special zoos or parks.

Around the world, it is hard to find a kiwi in a zoo. Only 13 zoos outside of New Zealand have a kiwi. Six of these zoos are in the United States. Kiwis are not big birds, but they are probably one of the most famous.
