

## Eiken Grade GP2 Speaking 2018-1B

### Wild Plants

In Japan, many people like eating wild plants from the mountains because they are delicious and healthy. For this reason, more people are collecting these plants to use for cooking. However, some wild plants can make people sick, so they should not be eaten. People need to study wild plants before picking them.

- No. 1** According to the passage, why should some wild plants not be eaten?
