

Agnes is on all fours eating candy out of the dish like a dog. She looks up.

AGNES

Mmmmm?

INT: GRU'S LAB - DAY

Minions are walking on the catwalks throughout the lab on their daily duties.

Gru stares at a bunch of MINIATURE ROBOTS standing on a table. Dr. Nefario stands proudly next to them. Pushes a button. "Boogie Fever" by the Sylvers begins playing, and the little robots start to disco dance to the music. A minion hops in and also dances.

GRU

Uh, question. What are these?

Dr. Nefario dances to the beat, too.

DR. NEFARIO

A dozen boogie robots. Boogieee!  
Ha -- look at this! Watch me.

Gru grabs the remote from Nefario, and pushes the STOP button.

GRU

Cookie robots! I said cookie robots! Why -- are you so old?

DR. NEFARIO

Okay I'm on it.

INT: LIVING ROOM - SAME

There's a muffled voice from behind the kitchen door.

The door opens, revealing the girls...a little nervous.

Agnes finds the TV remote perched high on Gru's end table.

AGNES

TV!

Just then, Kyle sneaks up behind her...drooling and licking his lips. He pounces!

But not before Agnes steps on a button, activating the elevator mechanism. Kyle gets caught up in the machinery and gets smashed when the canon comes down.

The girls collect around the secret entrance.

MARGO  
What is that?

EDITH  
Whoa, that is cool. Come on!

The girls descend in the elevator, open-mouthed.

AGNES  
I don't think he's a dentist.

Kyle lies on the floor dazed.

INT: GRU'S LAB - SAFE ROOM - NIGHT

A minion takes a sip of purple liquid from a beaker. Suddenly he starts to float!

DR. NEFARIO  
We've been working on this for a while. It's an anti-gravity serum.

At first its great...but then foof! The minion floats all the way out of a skylight and disappears.

DR. NEFARIO  
I meant to close that. He'll be alright, I'm sure.

We PAN down to Gru and Nefario.

GRU  
Do the effects wear off?

DR. NEFARIO  
Uh, so far...no. No they don't.

84 We PAN back up to reveal dozens of minions hovering near the ceiling.

DR. NEFARIO  
And here of course is the new weapon you ordered.

Nefario pulls out an impressive looking ray gun. He pulls the trigger. TBPBBBPPGGHGH! A loud fart comes out of the gun. The test minion passes out.

GRU

No, no, no. I said dart gun.  
Not...ok.

DR. NEFARIO

Oh, yes. Because I was wondering,  
under what circumstances would we  
use this, but anyway--

Dr. Nefario and Gru look down on the tiny robotic cookies as they scamper across a table. Gru smiles.

DR. NEFARIO

-- what I really wanted to show you  
is this.

GRU

Now those are cookie robots!

Suddenly a toy unicorn appears from behind the table. A tiny hand makes it hop along.

AGNES

La, la, la...I love unicorns. I  
love unicorns. If they were real I  
could pet one.

Gru grits his teeth as he sees the girls emerge from behind the table.

GRU

What are you doing here? I told  
you to stay in the kitchen!

MARGO

We got bored. What is this place?

GRU

Er...

Edith is examining Dr. Nefario's collection of test tubes filled with mysterious liquids. Holds up one.

EDITH

Can I drink this?

DR. NEFARIO

Do you want to explode?

Dr. Nefario grabs the test tube. Edith kicks Nefario as hard as she can in his shins.

DR. NEFARIO  
Ahhh! Gru!

Gru turns to the girls.

GRU  
Get back in the kitchen!

AGNES  
Will you play with us?

GRU  
No.

AGNES  
Why?

GRU  
Because, I am busy.

MARGO  
Doing what?

GRU  
Um...ok, ok, you got me. The dentist thing is more of a hobby. In real life, I am a spy, and it is top secret and you may not tell anybody because if you do...

EDITH  
What does this do?

Edith pushes a button. A LASER shoots out, moving around the room. VZZHHHHTTT! It connects with Agnes' stuffed unicorn which instantly turns it to ashes. Agnes gasps.

EDITH  
Whoops.

AGNES  
My unicorn! You have to fix it!

GRU  
Fix it? Look, it has been disintegrated! By definition, it cannot be fixed.

Agnes now takes a deep breath and holds it. Gru turns to Margo.

GRU  
That's freaking me out. What is she doing?

MARGO  
She's going to hold her breath until she gets a new one.

Gru turns to Agnes, frustrated.

GRU  
It's just a toy. Now stop it!

Agnes is starting to turn blue -- and then she passes out.

GRU  
Ok! Ok! I'll fix it!

Gru panics and calls off-screen.

GRU  
Tim, Mark, Phil!

The three minions slide down three individual pneumatic tubes. Margo and Edith stare at them, mouths open. What the heck? Gru bends down to address the minions.

GRU  
This is very important! You have to get the little girl a new unicorn toy!

The minions confer with each other. They look unsure as to what a toy is.

GRU  
Hey hey hey! A toy! Go! And hurry.

The three minions turn and take off.

MARGO  
What are those?

GRU  
They are my...cousins. Jerry, Stuart!

Two more minions appear. Gru points to the girls.
