

Lesson 9 This Is How

Sandy likes to make paper flowers. She wrote down the steps she uses to make them.

Sandy used clear words so readers know exactly what to do.

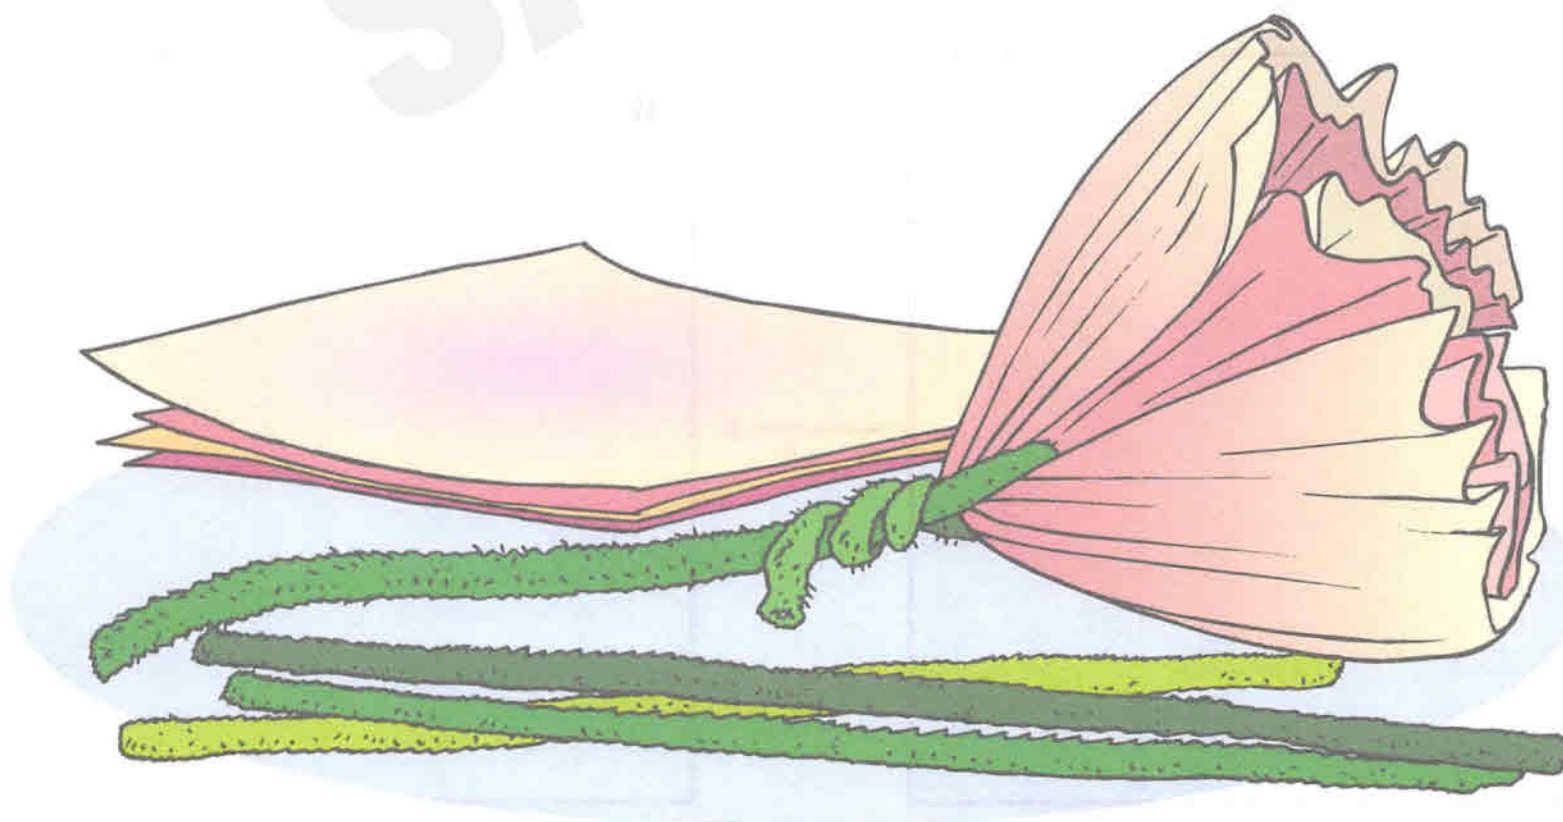

Sandy numbered the steps so the order is clear.

Sandy included all of the steps.

Sandy included an ending.

Paper Flowers

1. First, cut tissue paper in squares.
2. Put the end of a pencil in the center of a paper square.
3. Wrap the paper around the pencil.
4. Remove the pencil.
5. Finally, put a green pipe cleaner on the bottom of the flower for a stem.

Lesson 9 This Is How

What do you know how to make or do? Maybe you know how to make something out of clay. Maybe you know how to plant flowers. Think of the steps it takes. Draw the steps in order. If you need more space, use another sheet of paper.
